§102-10 Modification of contract terms. If during the term of the contract (including contracts which have been executed and are presently in force) there has been a reduction of fifteen per cent or more in the volume of business of the concessionaire for a period of sixty days or more, computed on the average monthly gross income for the eighteen months just prior to the period or as long as the concessionaire has been in the business, whichever period is shorter, and such reduction as determined by the officer letting the contract is caused by construction work conducted during the period of time on, or within or contiguous to, the public property upon which the concession is located by either the state or county governments, or both, the officer, with the approval of the governor in the case of a state officer and the chief executive of the respective county in the case of a county officer, may modify any of the terms of the contract, including the agreed upon rent, for a period which will allow the concessionaire to recoup the amount lost by such reduction; provided that if the contract includes provisions allowing modification for the above contingencies, this section shall not be applicable thereto; provided further that this provision shall not apply to any particular concession if the application thereto may impair any contractual obligations with bondholders of the State or counties or with any other parties. [L 1963, c 93, §5; Supp, pt of §7B-8; HRS §102-10]

§102-11 Bond; conditions. Before any contract is entered into, the party with whom the contract is proposed to be made shall give security for the performance thereof by a good and sufficient bond conditioned for the full and faithful performance of the contract in accordance with the terms and intent thereof, which bond shall be in an amount not less than two months' rental and other charges, if any, required under the contract; provided that any contract for the sale and delivery of in bond merchandise at Honolulu International Airport shall require a bond in an amount not less than four months of the

highest minimum annual rental guaranty required under the contract. The bond shall also by its terms inure to the benefit of the State or of the county, as the case may be. [L 1959, c 245, §9; Supp, §7B-9; HRS §102-11; am L 1982, c 141, §1]

§102-12 Surety on bond; justification. A surety company authorized to do business under the laws of the State may be accepted as surety on the bond, whenever, in the opinion of the officer letting the contract, the rights of all parties in interest will be fully protected. If the surety or sureties on the bond, whether individual or corporate, shall be other than a surety company authorized to do business under the laws of the State, there shall be not more than four sureties who shall severally justify in such amounts as, taken together, will aggregate the full amount of the bond; provided that in the case of the other sureties the officer letting the contract shall require that the surety shall also severally deposit with the officer certified checks, certificates of deposit, or share certificates (unconditionally assigned or on demand on or after such period as the officer may stipulate) or bonds, stocks, or other negotiable securities, or execute and deliver to the officer a deed of trust of real property, all of such character as shall be satisfactory to the officer, each surety to furnish the security to the full cash value of one hundred per cent of the amount for which the surety shall so have justified; provided further that the contracting officer, in the officer's discretion, may waive the necessity of furnishing the security, to any extent that the officer may deem warranted, in cases where, upon an actual examination, the officer is satisfied as to the financial responsibility of the proposed surety or sureties; provided that if there is but one personal surety the surety shall so justify for the full amount of the bond. [L 1959, c 245, §10; Supp, §7B-10; HRS §102-12; gen ch 1985; am L 1990, c 345, §4]

§102-13 Amendment of contracts, when authorized. Where there is an outstanding contract, lease, license, permit, or any other such arrangement for the operation of concessions or concession spaces on governmental property, the parties may amend the instrument to permit a related use with an increased rental adjustment where the lessee, licensee or permittee, as the case may be, can show financial hardship arising out of changes of circumstances or otherwise, if required to continue operation under the original permitted use. [L 1962, c 5, §5; Supp, §7B-11.5; HRS §102-13]

§102-14 Use of public buildings by blind or visually handicapped persons. (a) For the purpose of providing blind or visually

handicapped persons, as defined in sections 235-1, 347-1, and 347-2 with remunerative employment, enlarging their economic opportunities and stimulating them to greater efforts in striving to make themselves self-supporting, blind or visually handicapped persons registered by the department of human services under section 347-6 and issued permits under subsection (c) shall be authorized to operate vending facilities and machines in any state or county public building for the vending of newspapers, periodicals, confections, tobacco products, foods, beverages, and such other articles or services prepared on or off the premises in accordance with all applicable laws.

(b) The department of human services, after consultation with authorities responsible for management of state or county public buildings, shall adopt rules in accordance with chapter 91, necessary for the implementation of this section, including, but not limited to rules to assure that priority be given to registered blind or visually handicapped persons in the operation of vending facilities in state or county public buildings and to establish, whenever feasible, one or more vending facilities in all state and county public buildings.

(c) Assignment of vending facilities and space for vending machines shall be by permit issued by the department of human services.

(d) No person shall advertise or otherwise solicit the sale of food or beverages for human consumption in any public building which is in competition with a vending facility or machine operated or maintained by a duly authorized blind or visually handicapped person as prescribed by rules and regulations established under chapter 91. Any person who violates this subsection shall be subject to a fine of not more than \$1,000.

(e) After July 1, 1981, or upon the expiration of vending machine contracts in existence on June 10, 1981, no vending machines shall be placed in any state or county public building in which there is a vending facility or machine assigned by permit to a blind or visually handicapped person except pursuant to a permit issued by the department of human services.

(f) Any permit granted pursuant hereto may be terminated by the department of human services if the department determines that the vending facility or machine is not being operated in accordance with prescribed rules.

(g) This section shall not apply to the judiciary history center facilities in the Ali`iolani Hale building, University of Hawai`i system, public library system facilities, department of

education facilities, department of transportation airport and harbor restaurant and lounge facilities and operations, public parks, and state and county facilities designed and intended for use as facilities for entertainment and other public events.

(h) After July 1, 1981, any department, agency, or instrumentality of the State or any of its political subdivisions planning the construction, substantial alteration, or renovations of any building shall consider including plans for a vending facility maintained or operated by a blind or visually handicapped person. The present vendor who is operating a vending facility shall not be displaced or dislocated from any state or county building because of renovations or substantial alterations, except for any temporary displacement or dislocation which may be necessary for the completion of the renovations or alterations.
